INDEX.

A

Aaron, C. D., treatment of spastic constipation, 816
Abbott, M. E., pulmonary stenosis of inflammatory origin, 636
Abdominal conditions, diagnosis of obscure chronic, 202
Abnormal positions, 612
Abortion, infectious, and the human subject, 302
Action of camphor, menthol and thymol on the circulation, 911
of drugs on the sensory threshold, 912
Alexander, M. E., trichiniasis, endemic and sporadic, 567
Andresen, A. F. R., linitis plastica, 799
Anemia, blood in, 174
pernicious, 290, 910, 926
splenic, 856
Anesthetics, disturbances of circulation and respiration due to, 294
Aneurysm of the hepatic artery, 11
Anthrax, 467
analysis of cases of, 624
bacillus, isolation of, from a shaving mug, 929
Antisyphilitic therapy, effects of, 138
Arsenic distribution following arsphenamin treatment of children, 300
Arsenicals, parasitical action of, 138
Arsenobenzols, ill-effects of, 148
Arsphenamin, administration of, 147
and neoarsphenamin, parasitical value of, 156
preparation and administration of, 154
reactions, 299
Arteriosclerosis and diet, 289
Ashford, B. K., tropical sprue, 157
Asthma, rabbit hair, in children, 144
Atropine, action of, on stomach of infants, 913
Auricle, fibrillation of, returned to normal rhythm, 29
Austrian, C. R., unappreciated findings in the lungs of normal children, 831
Autogenous versus heterogenous bone pegs, 907

B

Bacteriology of human cystic bile, 151
Baetjer, F. H., unappreciated findings in the lungs of normal children, 831
Barbour, H. G., tolysin in rheumatic fever and other conditions, 708
Beattie, W. W., pulmonary stenosis of inflammatory origin, 636
Bernton, H. S., occupational sensitization to the castor bean, 196
Bile obtained by non-surgical biliary drainage, 486
Biliary drainage, non-surgical, 497
Bishop, L. F., fibrillation of the auricle returned to normal rhythm, 29
Blood and bone-marrow findings during life, 603
coagulability of, during pregnancy, 302
Blood-pressure reactions to passive postural changes an index to myocardial efficiency, 667
Bockus, H. L., a study of the bile obtained by nonsurgical biliary drainage, 486
Bone lesions, diagnosis and treatment of, 762
Bone-marrow studies, 291
Botulism in dogs, 929
Bransfield, J. W., disfiguring scars, prevention and treatment, 562
Breast milk, secretion of, 295
Bronson, E., subcutaneous fibroid nodules in rheumatism, 781
Brown, R. O., permeability of intestinal mucosa to certain types of bacteria, 480
Bryant, J., visceral adhesions and bands, 111
Buchanan, J. A., laws of heredity and their application to conditions in man, 675
Bulmer, F. M. R., fate of arsenic after intravenous or intrathecal injection, 47
Butts, D. C. A., autolysate-precipitin reaction in typhoid fever, 241

C

Cadwalader, W., development of symptoms as an aid to diagnosis of multiple sclerosis, 398
Calculi, recurrent, question of, 764
Cancer of the breast, 424
of the cervix, 462
of the colon, 583

Capps, J. A., arsenical treatment of endocarditis, 40
Carbon monoxide, exposure to, 310
Carcinoma of the breast, 907
salivary glands in, 762
Cardiac disease, family association of, 760
Carr, E. M., subcutaneous fibroid nodules in rheumatism, 781
Castor bean, occupational sensitization to, 196
Cerebrospinal fluid in sclerosis, 604
Chaney, W. C., splenic anemia, 856
Children, artificial pneumothorax in, 454
diverticula of bladder in, 763
food requirements of, 144
lungs of, in health and disease, 606
nutrition and growth in, 913
physiology of exercise in, 912
urinary lithiasis in, 449
Cinchona derivatives, action of, on pneumococcus, 775
Clements, C., tolysin in rheumatic fever and other conditions, 708
Clostridium botulinum, 312
Colloidal-gold reaction in poliomyelitis, 914
Colon, cancer of, 583
Conover, J. R., autolysate-precipitin reaction in typhoid fever, 241
Constipation, spastic, 816
Crothers, B., injury of the spinal cord, 94

D

Dark adaptation, significance of, 619
Death, fetal, before, during and after birth, 772
during labor, 773
rate, decline in, 311
in parturient women, 460
Dermatitis, occupational, 771
Dermatosis, 466
Diabetes insipidus, 551
renal function and metabolism in diabetes insipidus, 846
and insulin, 451
Diabetic patients, psychologic tests applied to, 760
retinitis, 620
Diet and arteriosclerosis, 289
diabetic, balancing of, 765
Diphtheria, immunization against, 298
Dorrance, G. M., disfiguring scars, prevention and treatment, 562
Drug eruptions, 608
Du Bray, E. S., sudden death following thoracentesis, 357

E

Eclampsia and its treatment and the toxemia of pregnancy, 613
Edema, traumatic cerebral, 405
Effect of hemorrhage on complement of blood, 620
Elephantiasis, 875
Elsberg, C. A., tumors of the spinal cord, 719
Elwyn, A., diffuse glomerulo-nephritis, 366
Embolism, air, 141
Emery, E. S., Jr., blood in myxedema, 577
Empyema, 450
Endocarditis, arsenical treatment of chronic, 40
End-results of interposition operation, 922
Epithelium, old strain of, 926
Erythrocytes, reticulated, 291

F

Faulty diet, 295
Fever, new eruptive, 455
Fibroblasts, 464
Floyd, R., nephritis, 434
Friedenwald, J., aneurysm of the hepatic artery, 11

G

Gall-Bladder, species lacking in, 925
Gallop rhythms, 137
Gasoline fumes, effect of, on dispensary attendance and output in a group of workers, 778
Gastro-intestinal infection, 605
Germanium dioxide, 291
Gestation, tubal, 459
Gibson, C. L., acute perforation of stomach and duodenum, 809
Glands, abdominal, calcified, relation of, 764
Glomerulo-nephritis, 366
Glucose-tolerance test, 139
Goiter, prevention of, 289
Goiters, nodular, 738
Grade "A" milk, standard for, 915
Graves' syndrome, 387

H

Hachen, D. S., renal function and metabolism in diabetes insipidus, 846
Hall, G. W., diabetes insipidus, 551
Heart, infarction of, 250
murmurs, production of, 328
Heart-block and auricular fibrillation, 34
Hematemesis in nephritis, 276
Heredity, laws of, and their application to conditions in man, 675
Hollander, E., non-surgical biliary drainage, 497
Hookworm disease, 453
Howard, M. Q., magnesium sulphate as a sedative, 431

Hutchinson's teeth, cause of, 301
Hygiene, industrial, 779
Hyman, H. T., Graves' syndrome, 384, 513
Hyperplasia of the lymph nodes of the prostate, 140
Hypertrophy, prostatic, 450

I

Infantile paralysis, after-case of, 768
Infants, butter-soup feeding in, 608
feeding of, method for, 914
Influenza, 467
interepidemic, 929
patients, studies of the nasopharyngeal secretions from, 309
Injection of B. typhosus into the gall-bladder, 928
Insulin and diabetes, 451
Intestinal infections, 605
mucosa, permeability of, 480
Intussusception, 454, 909

J

Jackson, C., mechanism of physical signs, 313
Jaundice, obstructive, 763

K

Kahn, M. H., diagnosis of spleen function, 214
Keith, N. M., volume of blood in anemia and leukemia, 174
Kessel, L., Graves' syndrome, 384, 513
Kidney, double, 461
lesions produced in, by small doses of mercuric chloride, 622
Kolmer, J. A., complement-fixation reaction in syphilis, 320
Kopeloff, N., is the stomach a focus of infection? 120

L

Lacrimal fluid, 150
Lactation, diet during, 460
Laird, J. L., autolysate-precipitin reaction in typhoid fever, 241
Leber's disease, 148
Leukemia, blood in, 174
Leukocytosis, 86
Lewis, D. S., pulmonary stenosis of inflammatory origin, 636
Lewis, M. S., Wildbolz auto-urine reaction in tuberculosis, 890
Lieb, C. C., Graves' syndrome, 384
Linitis plastica, 799
Lozinsky, E., tolysin in rheumatic fever and other conditions, 708
Luetin, non-specificity of, 458
Lungs of normal children, unappreciated findings in, 831
Lymph nodes in carcinoma of rectum, 908
Lymphatic glands, histological changes in, following exposure to radium, 469
Lymphocytes, changes in number of, 466

M

McConnell, G., multiple myeloma, 184
McConnell, J. W., development of symptoms as an aid to diagnosis of multiple sclerosis, 398
Magnesium as a sedative, 431
sulphate, effect of, on the bile, 605
Mahon, G. D., elephantiasis, 875
Malaria control operations in relation to the suppression of the disease, 778
Mammary gland, excretion through, 916
Measles, immunization against, 296
studies on experimental, 145
by inoculation of monkeys, guinea-pigs and rabbits, 621
Mechanism of labor, roentgen-ray pictures as a means of teaching, 918
Meiostagmin reaction, 152
Melanoblastoma of the nail-bed, 924
Meltzer-Lyon test in gall-bladder disease, 142
Mercurial, new, clinical test of, 769
Merrill, E. F., roentgen ray in cardiac diagnosis, 340
Milk powder, dried, in infant feeding, 143
Monkeys, vaccination of, 780
Mortensen, M. A., blood-pressure reactions to postural changes an index to myocardial efficiency, 667
Mosenthal, H. O., spontaneous variability of blood-pressure, 531
Mottram, J. C., histological changes in lymphatic glands following exposure to radium, 469
Multiple sclerosis, 398
Myeloma, multiple, 184
Myoma, conservative versus radical operation for, 617
Myomectomy, 304
Myxedema, blood in, 577

N

Neoarsphenamin and arsphenamin, comparisons of, 147
Neoplasms of the biliary ducts, 141
Nephrectomy, study of the ureter after, 141

Nephritis, 434
anemia, 761
hematemesis in, 276
Neuhof, S., heart-block and auricular fibrillation, 34
Neurosyphilis, 457
genesis of, 138
New, G. B., laryngeal paralysis, 727
Nodular goiters, 738
Nodules, fibroid, in rheumatism, 781

O

Oils, injection of, for diagnostic and therapeutic purposes, 294
Oliguria, influence of, on nitrogen retention in the blood, 81
Olive oil, effect of, on gastric function, 767
Osteosclerosis, congenital, 761
Ovarian organotherapy, 618
transplantation, 463

P

Paratyphoid-enteritidis group in foodstuffs, 311
Pellagra, 928
Pepper, O. H. P., influence of oliguria on nitrogen retention in the blood, 81
Periarteritis nodosa in the rabbit, 307

intracutaneous reaction in, 767
Pharynx, cancer of, 763
Phenol-red and brom-cresol-blue as indicators in stools, 777
Phenoltetrachlorphthalein liver function test, 759
Phthisiogenesis, 289
Physical signs, mechanism of, 313
Piersol, G. M., a study of bile obtained by nonsurgical biliary drainage, 486
Planorbis metidjensis, 448
Pneumococcus, studies on, 923
Pneumonia and bronchopneumonia, ocular complications of, 150
Pneumopyelography, 306
Pneumothorax, acute and chronic, 1
artificial, 292
Porphyrinuria, 448
Potassium, distribution of, in normal and pathological kidney, 776
Psoriasis, sodium salicylate for, 611
Pulmonary stenosis of inflammatory origin, 636
tuberculosis, 742
Pyelitis of pregnancy, 916
Pyelography, 140
Pyelonephritis, 764

Q

Quinidine therapy, 453
